Directors' Report to shareholders for the half year ended 31 December 2021

The Directors present their report together with the financial report of WAM Global Limited for the half year ended 31 December 2021.

Directors

The following persons were Directors of the Company during the financial period and up to the date of this report:

Geoff Wilson AO (Chairman – Non-independent)

Gabrielle Trainor AO (Director – Independent)

Kate Thorley (Director – Non-independent)

Caesar Bryan (Director – Independent)

Principal activity

The principal activity of the Company is making investments in listed global securities. The Company's investment objectives are to provide capital growth over the medium-to-long term, deliver a stream of fully franked dividends and preserve capital. No change in this activity took place during the period or is likely in the future.

Operating and financial review

Investment operations during the half year resulted in an operating profit before tax of \$39,100,246 (2020: \$69,952,324) and an operating profit after tax of \$27,370,172 (2020: \$48,979,649). The profit for the period is reflective of the solid investment portfolio performance over the six months to 31 December 2021. The investment portfolio increased 5.8% in the six months to 31 December 2021. The MSCI World Index (AUD) increased by 11.3% and the MSCI World SMID (Small/Mid) Cap Index in AUD terms increased by 7.0% during the period. The portfolio held an average cash level of 5.4% during the period.

The operating profit for the period includes unrealised gains or losses arising from changes in the fair value of the investments held in the investment portfolio and foreign currency movements during the period. This movement in the fair value of investments and foreign exchange rates can add to or reduce the realised gains and losses on the investment portfolio, foreign currency and other revenue from operating activities (such as dividend and interest income) in each period. This treatment under the Accounting Standards can cause large variations in reported operating profits between periods.

The operating profit or loss for each financial period is reflective of the underlying investment portfolio performance and is important to understand with context to the overall performance of equity markets in any given period. As a result, we believe the more appropriate measures of the financial results for the period are the investment portfolio performance, the change in net tangible assets (NTA) and fully franked dividends, together with total shareholder return.

WAM Global's NTA before tax increased 1.5% for the six months to 31 December 2021, including the 5.0 cents per share fully franked final dividend paid to shareholders during the period. This increase is after the corporate tax of 7.5 cents per share or 2.7% of the Company's pre-tax NTA during the period. Corporate tax payments made throughout the period were the major item of difference between the investment portfolio increase of 5.8% and the NTA performance. The franking credits attached to

corporate tax payments are available for distribution to shareholders through fully franked dividends. Other items contributing to the change in the value of the assets during the period were management fees of 0.7%, other company related and capital raising expenses of 0.2% and capital raising decrement of 0.7%.

The NTA before tax as at 31 December 2021 amounted to \$2.72 per share (June 2021: \$2.73). The NTA after tax was \$2.64 per share (June 2021: \$2.60). These figures are after the 5.0 cents per share fully franked final dividend paid to shareholders during the period.

The total shareholder return for the Company for the period to 31 December 2021 was impacted by the increase in the share price discount to NTA, offset by the investment portfolio performance, with TSR decreasing 6.5%. As at 31 December 2021, the share price discount to NTA was 11.7% (June 2021: discount of 3.9%). This measure does not value the potential benefit of franking credits distributed to shareholders through fully franked dividends.

On 10 February 2021, the Board of Directors announced a one-for-one Bonus Option Issue to all shareholders of the Company, at no additional cost. Each WAM Global Option provides holders with the opportunity, but not the obligation, to purchase one additional WAM Global share for \$2.54 per Option, without paying brokerage fees. The Options are currently trading on the ASX under the code WGBO.

As at 31 December 2021, a total of 35,097,619 options has been exercised for a total consideration of \$89,147,946 and 278,468,184 options remain unexercised and can be exercised at any time on or before 12 September 2022.

On 29 September 2021, Templeton Global Growth Fund (TGG) held a Scheme Meeting where TGG shareholders overwhelmingly voted in favour of merging with WAM Global shareholders. WAM Global has a relevant interest in 100.0% of the shares in TGG, which was delisted from the ASX on 1 November 2021. 101,074,227 Shares and Options in WAM Global were issued to TGG shareholders on 29 October 2021 under the Scheme. The Board welcomed TGG shareholders to the Wilson Asset Management family and look forward to continuing to engage with all shareholders.

Dividends

The Board declared a fully franked interim dividend of 5.5 cents per share, representing a 10.0% increase on the FY2021 fully franked interim dividend, to be paid on 27 May 2022. Shares issued on Options exercised on or before 12 May 2022 will also receive the fully franked interim dividend of 5.5 cents per share. A fully franked final dividend of 5.0 cents per share was paid during the period.

The Board is committed to paying a stream of fully franked dividends to shareholders, provided the Company has sufficient profits reserves and franking credits, and it is within prudent business practices.

Rounding of amounts to nearest dollar

In accordance with ASIC Corporations (rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the Directors' Report have been rounded to the nearest dollar, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditors' Independence Declaration as required under Section 307C of the *Corporations Act 2001* in relation to the review for the half year is set out on page 7 of this Financial Report.

7. Financial instruments measured at fair value

AASB 13: Fair Value Measurement requires the disclosure of fair value information using a fair value hierarchy reflecting the significance of the inputs in making the measurements. The fair value hierarchy consists of the following levels:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (as prices) or indirectly (derived from prices).

Level 3: Inputs for the asset or liability are not based on observable market data (unobservable inputs).

Included within Level 1 of the hierarchy are listed investments. The fair values of these financial assets and liabilities have been based on the closing quoted last prices at the end of the reporting period, excluding transaction costs.

Included within Level 2 of the hierarchy is WAM Global's investment in Templeton Global Growth Fund. The fair value of this investment has been based on the net asset backing, being the underlying value of their residual cash and cash equivalents and investment portfolio values at the end of the reporting period.

Also included within Level 2 of the hierarchy is WAM Global's investments in initial public offerings and convertible notes. The fair value of the investments in initial public offerings are valued at cost and the investments in the convertible notes have been recognised using the effective interest rate method inherent in the instrument or by assessing the movement in observable inputs which have been traded on active markets.

During the period, WAM Global's investment in PEXA Group Limited was listed on the ASX (1 July 2021) and subsequently transferred from Level 2 to Level 1 in the fair value hierarchy. There were no other transfers between Level 1 and Level 2 during the period (June 2021: nil).

The following table presents the Company's financial assets and liabilities measured and recognised at fair value at 31 December 2021:

**Independent Auditor's Review Report
To the Members of WAM Global Limited
ABN 76 624 572 925**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of WAM Global Limited ("the Company") which comprises the statement of financial position as at 31 December 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of WAM Global Limited does not comply with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Company's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
